TECHNICAL SKILLS

Frontend Development: HTML, CSS, JavaScript, React.js, Redux Toolkit, Context API, Typescript

Responsive Design: Bootstrap, Material-UI, Tailwind CSS

Backend Integration: Node.js, Express.js, API Integration, MERN stack, JWT

Version Control: Git

Cloud Platforms: Vercel, Netlify

EXPERIENCE

Limitscale

Bangalore, Karnataka

Frontend Developer - Associate - Technical, Level 2

July 2024 - Oct 2024

- Developed the ECommerce application, enhancing admin efficiency and reducing task completion time significantly, leveraging React.js with Typescript and Redux Toolkit for optimal performance
- Enhanced UI using Material UI, contributing to improved usability and user experience
- Optimized React routing, enhancing navigation speed and reducing bounce rates.
- Reduced load times by optimizing state management with Redux Toolkit

Techjet

Bangalore, Karnataka

Frontend Developer

Mar 2024 - Jun 2024

- Enhanced user-facing features with React.js and Typescript, improving client retention and providing a seamless, user-friendly experience on web platforms.
- Conducted comprehensive user testing, gathering insights that led to a significant boost in usability, using tools like Postman for API testing and validation.
- Analyzed user data trends and introduced new features, utilizing React Hooks for more dynamic and responsive interfaces.
- Streamlined the development process, leveraging Git for version control and reducing feature deployment times by prioritizing tasks effectively.

Resource Square Solutions Pvt. Ltd.

Chennai, TamilNadu

Web Developer

Mar 2022 - May 2023

- Developed web pages for ExxonMobil, using React.js and Tailwind CSS to significantly improve site performance and client satisfaction.
- Integrated REST APIs to enhance functionality and boost site performance, ensuring a smooth user experience across different devices.
- Provided efficient technical support, resolving issues using tools like Jira and Postman, and addressing 80% of client issues within 24 hours.

- Introduced new features that significantly boosted user engagement.
- Streamlined development processes, reducing feature deployment times.

Trasol Technologies

Namakkal, Tamil Nadu

UI Developer

Feb 2020 – Feb 2022

- Designed websites for Dubai Expo events, optimizing them for performance and user engagement using HTML5, CSS, and React.js.
- Improved load times on trading sites by utilizing React Router and other performance optimizations, leading to enhanced user retention.

PERSONAL PROJECTS

Developed a responsive single-page travel website using React and CSS, incorporating image carousels, Instagram feed integration, and video sections with call-to-action elements to enhance user engagement. [[Live](#)]

EDUCATION

Karpagam College Of Engineering

Bachelor of Electronics and Instrumentation Engineering

Sep 2013 - Mar 2017

SUMMARY

Frontend Developer with 4 years of experience in building dynamic and responsive web applications. Proficient in HTML, CSS, JavaScript, and React.js with expertise in API integration, developing APIs using Express, and optimizing performance. Skilled in modern styling libraries such as Material UI and Tailwind CSS. Successfully led projects that enhanced admin efficiency by 35% and reduced task completion time by 15 hours per week. Well-versed in Agile methodologies, version control with Git, and project management tools like Jira.
